Research Paper and Book Chapter Writing in Architecture and Planning

**05- Day National Online Faculty Development Program
5th to 9th December 2022 [1:00 PM to 4:00 PM]
Registration on first come first serve basis.**

PREAMBLE

Architecture being a profession of integrated creativity and knowledge, strives for critical thinking amongst the professionals. Architectural research involves a study of the gamut of disciplines such as society, culture, history, demographics and so on. This vast array of data requires a structured approach towards collection, documentation, writing, analysis and conclusion. The faculty development program on "Research Paper and Book Chapter Writing in Architecture and Planning" aims to explore the various steps and methodologies adopted by academicians, practitioners, and research scholars during the different stages of Architectural publications. This program will focus on types and steps followed in architectural writing by understanding and exploring the process from identifying research gaps to publishing the manuscripts. Handy tips on research techniques and tools will guide researchers to frame and publish their manuscripts in recognized journals and books.

TAKE AWAYS: Participants will learn the methods and methodology of research, while exploring the importance of originality and IPR. The learnings from this program shall help the participants to integrate and implement the knowledge in their respective academic and professional domains.

Limited seats

Only first 35 participants will get confirmation email from organisers

Convened by
Dr. Navneet Munoth
Hon. Director

SPEAKERS FOR NATIONAL ONLINE FACULTY DEVELOPMENT PROGRAM

"Types of Hypothesis and How to write Hypothesis Handy Tips on writing the Research Introduction "

Dr. Devlina Chatterjee has a BTech from IIT Kharagpur, a MBA from IIM Ahmedabad, two masters degrees from Penn State University in the US and a PhD in finance from IISc, Bangalore. She has worked for a total of 20 years, 8 years in the corporate sector and 12 years in academia. Currently she teaches in the Department of Industrial and management engineering at IIT Kanpur. She teaches courses in econometrics and economics and research methods. Her research interests are in consumer finance and tourism. She has published several papers in reputed journals and conferences.

"How to write Research Methodology and it's Justification"

Dr. Harimohan Pillai, B.Sc.Chemistry, University of Kerala, 1972, B.Arch.(Hons.), 1979 and Ph.D. Architecture, IIT Kharagpur. Currently practicing in Thrissur, Kerala and invited as a guest faculty for architectural design and allied subjects in several schools of architecture across India and Texas Tech University in U.S.A. for teaching Architecture of Non-Western societies. A member of senate at School of Architecture and Planning, Vijayawada. Professor (Design Chair) at MIT ADT University, Pune and also mentor for Master's Course in Traditional Indian Architecture Knowledge System.

" Identification of Research Problem and research gaps in Research study. Writing Introduction, Suitability and availability of good Literature and how to review it"

Prof. Dr. N. SRIDHARAN is currently with School of Planning and Architecture, New Delhi as Professor. He is nominated as a Chairperson of the Institute of Town Planners' India. He has more than 38 years of experience in the field of Urban and Regional Planning. He holds a Master's Degree in Economics, Urban and Regional Planning, Town & Country Planning (Poland) and Financial Management, in addition, to a Doctoral Degree from RMIT, Australia in the field of Urban Planning. He has published widely in national and international journals in the fields of Research and Development, Peri-Urban Development, Urban Governance & finance, rural development and Spatial Data Infrastructure.

" Exploring, identifying and selecting appropriate tools & techniques for data collection and analysis "

Prof. Dr. Ramesh Srikonda Director of School of Planning and Architecture Vijayawada. He is an Architect and Environmental Planner. He has more than 25 years of experience in industry as well as in Academics. He conducted an extensive research on "Energy Conservation studies in Buildings through Components/ Materials and Space conditioning options." He rendered his professional services in various capacities such as Regional Architect, Senior Architect, Chief Architect and Director of Planning slum and JJ, in Central.

" Digital Research Methods and Tools "

Ar. Neha Sharma is a Geospatial Software Engineer as well as an Architect, presently working in the Geospatial Artificial Intelligence Team of Mindtree, Chennai. She is an active YP member of IEEE-GRSS and a life member of the Indian Society of Geomatics (ISG) and The Institution of Engineers (India). She completed her PG Diploma in Data Science from IIT Bangalore (2022), M. Tech in Geomatics (2018-2020) from CEPT University, Ahmedabad, and B.Arch. (2013-2018) from MA-NIT Bhopal, an Institute of National Importance. She is actively working on integrating Remote Sensing and GIS with Architecture and Planning by organizing national-level online/offline training programs.

" How to write the conclusion, implications, and future directions of the manuscript "

Dr. Vinayak Bhare is an award-winning urban design and city planning practitioner, educator, author, and public speaker based in Los Angeles. He is the Principal and Director of Design at the reputed architecture and planning practice, Moule & Polyzoides. He is an Adjunct Associate Professor of Urban Design and Heritage Conservation at the University of Southern California (USC) School of Architecture, Associated Faculty at the USC Shino Ita Center for Japanese Religions and Culture, and Affiliated Faculty at the USC East Asian Studies Center. He is also the Director of the India/Netherlands-based knowledge platform My Liveable City and Executive Editor of its urbanism journal.

" Writing the abstract and reconciling the references of manuscript "

Dr. Arindam Biswas is an Associate Professor at the Department of Architecture and Planning, Indian Institute of Technology (IIT) Roorkee, India. He has a Doctorate in Urban Planning from the University of Tokyo. He is presently pursuing research sponsored by different research foundations of the Government of India like the Department of Science and Technology (DST), the Ministry of Education, the Indian Council of Social Science Research, the Ministry of Environment Forest and Climate Change, and the National Building Construction Company. He is also working on research sponsored by the Royal Academy of Engineering, the British Council, and GCRF-UKRI, United Kingdom. He has published four editorial books and contributed to six book chapters. He is presently working on one book to be published next year. He has also extensively published peer-reviewed articles on urban infrastructure, inclusive growth, resilience, housing and informality, innovation, and regional development.

" Identifying and submitting the manuscript to a recognized journal and survey questionnaire preparation "

Dr. N. Lakshmi Thilagam is an Architect and Urban Designer and holds a PhD from the Indian Institute of Technology, Kharagpur, India. Her research interests are traditional urbanism, space syntax application for historic cities, heritage, urban conservation, smart city development and SDG. She is currently conducting research to analyze the principles of sustainability exhibited in the traditional urban patterns of the historic cities of Tamil Nadu. As a passionate academician who has been teaching for the last 2 decades she also writes on the subject of Architectural education.

" Handy Tips on how to write the findings and discussion of the manuscript "

Dr. Mohammed Firoz currently serves as an Associate professor at the Department of Architecture and Planning, National Institute of Technology Calicut, India. He had earlier served as a visiting Faculty at the School of Environment, Resource and Development, Asian Institute of Technology Bangkok, Thailand in the year 2022, and as a visiting teacher at the School of Architecture, Architecture Association (AA) London in 2016. He had also served as the Associate Dean (Student welfare) of NIT Calicut for 5 years. Dr. Firoz graduated from NIT Calicut as a university rank holder, completed his post-graduation from CEPT university India and PhD degree from Indian Institute of Technology (IIT) Kharagpur. His fields of interest include Urban design of Cities, Metropolitan planning, Sustainable development of cities and settlements, Peri Urban studies, Quality of life and Livability in urban areas & Socioeconomic development of Cities.

" Intellectual Property Rights in Architecture and Planning. The issue of originality in social science research "

Prof. Anugrah Nagaich Currently serving as an Assistant Professor at the Department of Architecture and Planning, M.A.N.I.T. Bhopal (an Institute of National Importance), completed his Bachelor's degree in Planning (B. Plan.) from M.A.N.I.T. Bhopal in 2013, and subsequently pursued his Master's of Technology degree in Geoinformatics and Natural Resources Engineering from I.I.T. Bombay in 2016. He has also pursued two PG Diplomas: one in Intellectual Property Rights from I.G.N.O.U. in 2018 and another in Environmental Management from EPCCO, Bhopal in 2014; in addition to a lot of MOOCs from international universities. He likes to explore the confluence of Technological Advancements and Spatial Environment, and strives to address the challenges facing the habitats today through the possible integration of Advanced Geospatial Analyses, Machine Learning and Artificial Intelligence with efficient and effective Spatial Planning and Management
