Preamble

The "ArchPatent: Innovate, Protect, and Research Ethically" Faculty Development Program (FDP) is a comprehensive initiative designed to equip architecture faculties, research communities and professionals with in-depth knowledge and skills in intellectual property rights (IPR), patenting processes, ethical research practices, and innovative ideation. In collaboration with the Council of Architecture, this program aims to foster a culture of innovation, ethical research, and entrepreneurship thinking within the architectural fraternity. Participants will be prepared to effectively integrate these principles into their academic and professional practices, while also learning how to nurture startup ideas and entrepreneurial skills among students and professionals.
