

National Online Faculty Development Program
INTERPRETING AND MAIN-STREAMING
LIVING INDIAN URBAN HERITAGE

Date & Time: 13th (Tuesday) To 16th(Friday) September 2022, 10:30 AM to 03:30 PM

Preamble

Studying architecture involves understanding History of Architecture through measured drawing exercises, the most importantly urban studies and contextual design studios. As an attempt to reinforce these subjects, this program intends to create awareness about Living Indian Urban Heritage and gives primary introduction of its important aspects. Urban studies considers Heritage Management as a separate approach and it is a global challenge to blend these two approaches for better handling of living heritage entities. In this program, eminent speakers will cover various related topics to understand and interpret the Subject. The four days (4 sessions / day, each session of one hour) program will take the attendees through crisp basic concepts to different approaches of handling Living Urban Heritage, issues, and needs. Traditional/Vernacular local techniques, an integral part of the Living Heritage, will also be covered with contemporary relevance. This will help in knowing Urban India holistically without separating the Heritage areas, sites, and techniques in the contemporary scenario. The scholars will explain the concepts, approaches and different ways with the help of case studies so as to maintain the involvement of experts and beginners at the same time.

Objectives of the program :

- To create awareness for the Urban Heritage with tangible and intangible perspective.
- To give primary understanding and vision for interpretation of vernacular architecture.
- To introduce the ways and techniques of addressing challenges of the Urban Heritage.

Key Take-Away for participants

- Awareness in conducting design studios with respect to inseparable thread of Living Urban Heritage in Indian scenario.
- Understanding the language of Living Urban Heritage and interpreting its architectural design aspects.
- Exposure to different approaches and methods of design with the Urban Heritage.
